Profile

Self-taught Front-End Developer with over 2 years of experience building clean, responsive, and user-friendly websites. Skilled in React, Tailwind CSS, and modern JavaScript frameworks. Experienced in delivering complete front-end solutions for businesses ranging from travel agencies to eCommerce platforms.

Work Experience

Front-End Developer - Karla Tours and Travel

Nairobi, Kenya | 2023 - Present

- Designed and built a responsive travel consultancy website.
- Developed custom booking forms and integrated dynamic tour listings.
- Handled all front-end updates and performance optimization.

Front-End Developer - Brayco Financial

Nairobi, Kenya | 2023 - Present

- Built client-facing dashboards and user interfaces for a financial services platform.
- Collaborated with backend teams to implement front-end logic and structure.
- Focused on clean UI design and strong usability.

Front-End Developer - Woodcraft Business

Remote | 2023

- Developed a modern, mobile-friendly website showcasing handmade wood products.
- Integrated a simple cart and inquiry form for custom orders.
- Highlighted craftsmanship and product photography through design.

Freelance Web Developer

2022 - 2023

- Created multiple custom websites including:
 - A stylish shoe eCommerce store with product filters and payment integration.
 - A taxi company landing page with driver profiles, booking form, and pricing section.
- Worked with small businesses to turn ideas into functioning websites using modern stacks.
